Re: 1807 21st Avenue South Stormwater System Improvements

Dear Property Owner and/or Current Resident:

On Sunday night, October 2, 2016, Metro Water Services (MWS) contractor, Cumberland Valley Constructors will begin construction of a stormwater improvement project in your neighborhood. The project will be located along:

- 21st Avenue South between Acklen Avenue and Fairfax Avenue
- Acklen Avenue between 21st Avenue South and alley #815 (first alley west of 21st Ave.)

Metro Water Services' contractor, Cumberland Valley Constructors, is experienced in stormwater construction and will make effort to minimize the disruption to your neighborhood and protect the environment. We expect that most of the construction activities will take place from 7:00 p.m. to 6:00 a.m.; however, some construction will be necessary outside of the listed nighttime hours. Lane closures will be required. MWS and Cumberland Valley Constructors will provide signage and traffic control measures so that the work zone will be safe and traffic congestion will be minimized.

The MWS project website ([www.nashville.gov/Water-Services/Projects.aspx](http://www.nashville.gov/Water-Services/Projects.aspx)) will provide you with project information and updates. We welcome suggestions and feedback.

We appreciate your cooperation and look forward to the successful completion of this important project.

Sincerely,

A handwritten signature in blue ink that reads "Renee C. Jackson".
